Business Core	28
Required Accounting	24
Required Comp. Sci.	31
Total Major Credits	111
Other GURs and Electives	<u>69</u>
Degree Credits (Minimum)	<u>180</u>

Non-Business Credit Requirement: The AACSB requires that CBE majors complete at least 90 credits of non-business courses as part of the 180 credits required for a degree. You're OK on this requirement as long as you do not take a significant number of business courses (other than those on this planning sheet). If you take more (or plan to take) significant additional business credits at Western, please see your advisor or come to PH451.

Seniors! Here's what we need (in PH451) to do your major evaluation: This planning sheet (completed), a list of the courses you are planning to take prior to graduation *and* what quarter you plan to take them, *and* copies (Xeroxes are okay) of the transcripts for any business courses (listed on this sheet) that you did *not* take at WWU. Once you have received major approval for your accounting courses, you must also submit your information to the Computer Science Department for approval of your computer science courses.
